

Maxtec® Scuba

Service. Quality. Value.

MaxO2+A Scuba

O₂ Sensors

Handi+ Scuba

For years, Maxtec® products have been the choice for nitrox analyzers & sensors for technical divers throughout the world. Our unmatched quality & long life warranties ensure customer satisfaction with every product.

Maxtec® is always finding new ways to improve our products & services to the scuba market. Our analytical tools provide a variety of solutions to ensure you maintain optimum services you and your clients expect. Maxtec® has the best variety of scuba replacement sensors on the market. Our patented weak-acid Max-250 series sensors come with a 24-month warranty to give you the best results

when analyzing your nitrox tanks. Our acclaimed nitrox analyzers provide users with the portability and accuracy you demand and are all backed by the Maxtec® 24 month warranty. Our new Handi+ allows users to easily calibrate by way of a one-touch calibration, and offers multiple methods of measuring oxygen content by way of your buoyancy control or directly from the tank.

O₂ Analyzers & Accessories

	MaxO ₂ +A Scuba	R217P42	One-touch calibration, 5,000 hour battery life, 24 month warranty
	Handi+ Scuba	R218P16	One-touch calibration, disposable at end of battery life, 24 month warranty
	OM-25A	R213P17	3,200 hour battery life, 24 month warranty
	OM-25AE	R213P10	External sensor, 3,200 hour battery life, 24 month warranty
	BC Adapter	RP11P28	Used to connect Maxtec analyzer to buoyancy control device to analyze gas
	QuickOx Adapter	RP16P08	Connects to Maxtec analyzer to allow analysis directly from a tank
	Scuba Pro Adapter	RP16P09	Used to connect Maxtec analyzer to Scuba Pro buoyancy control device to analyze gas
	Waterproof Box	R213P90	Fits Handi+, OM-25 and MaxO ₂ + model analyzers
	Deluxe Case	R213P56	Fits Handi+, OM-25 and MaxO ₂ + model analyzers

O₂ Sensors

	Max-250+	R125P02-013	Replacement For Maxtec MaxO ₂ +A analyzer
	Max-250	R125P01-002	Replacement For Maxtec OM-25A analyzer
	Max-250E	R125P03-004	Replacement For Maxtec OM-25AE analyzer
	Max-9	R114P80	Replacement For Hudson* 5500
	Max-11	R113P10	Replacement For Dräger* Dolphin Rebreather, Dräger* Oxygauge
	Max-12	R109P45	Replacement For Inspiration* Rebreather, CCR-2000, KISS* Rebreather, VR3* Mixed Gas Computer, Uwatec* (requires two sensors), OxySpy* analyzers
	Max-13	R115P10	Replacement For MSA* MiniOx, Dive Rite*, Oxy tech*, Vandagraph* VN202, OxyCheq* El Cheapo, VTI* 580
	Max-13-250	R125P07	Replacement For MSA* MiniOx, Dive Rite*, Oxy tech*, Vandagraph* VN202, OxyCheq* El Cheapo, VTI* 580
	Max-14	R116P80	Replacement For MSA* MiniOx IA
IMAGE UNAVAILABLE	Max-308	R108P03	Replacement For Analox* Mini O ₂ and Mini O ₂ DII, UBS*, OMS*, Scuba Pro*
IMAGE UNAVAILABLE	Max-309s	R108P04	Replacement For Analox* UBS O ₂ Stick, OMS*, Teledyne* R-33D-1
